

## ATA-300 Shipping Case Option Highlights

### ARM YOUR CASE WITH THE RAMGUARD

Wilson's forklift RamGuard plates help protect cases from accidental damage from forklifts gone out of control. If your case is large or heavy, **RamGuard plates as well as casters or skids are great options to make your tough Wilson case even tougher.**

The RamGuard is becoming a choice of marketing pros shipping their displays from show to show. It is also a great option for any case that must be moved by a forklift.

---

### TURF TIRE

Wilson's Turf Tire option is making a big impact in the mobility of heavy-duty cases—And many customers are glad they have them!

Turf tires make it easy to roll loaded cases over rough surfaces. No matter if you are on cracked cement or are out in the field, these wheels will keep moving. **They are solid core rubber wheels, that roll like a radial tire but will never go flat.** Turf Tires are available in 6" or 8" sizes with brakes optional.
