

Wilson Case SplitTopXL Athletic Trainer's Case

Our new SplitTopXL Athletic Trainers case is a larger version of our popular SplitTop Athletic Case. It's base has twice as much usable space and can hold up to three sets of our optional dual trays. The SplitTopXL also comes standard with 6" turf tires that will roll anywhere, easily.

With twice as much space in the base of this Athletic Trainers case, you can add up to three sets of our optional half-length dual trays. The bottom set of trays will sit on aluminum rails while the others will stack on top.

NOTE: All options are sold separately. They do not come standard with the SplitTopXL case.

Optional half-length dual trays, the bottom set sits on inner ledge additional tray sets stack on top. Each tray is 20" x 11" x 4" and each set includes 2 trays.

Just like our standard SplitTop, the SplitTopXL is sold as a base unit with no interior options. We leave it up to you to decide what interior options work best for you. Options for each flipside lid includes adjustable dividers, 16 or 8 dowel tape spindles or you can leave the lids empty.

NOTE: The 8 Dowel tape spindles will only use up half of one lid. Athletic Trainers can choose to fill the rest of the lid with adjustable dividers or leave it empty.
