

1550EMS Protector

Sensitive equipment needs protection, and since 1976 the answer has been the Pelican™ Protector Case. These cases are designed rugged, and travel the harshest environments on earth. Against the extreme cold of the arctic or the heat of battle, Pelican cases have survived.

Made in the USA, these tough cases are designed with an automatic purge valve, that equalizes air pressure, a watertight silicone O-ring lid, over-molded rubber handles and stainless steel hardware.

- **1550 Case customized for EMS personnel**
- **CONTENTS NOT INCLUDED**
- **Watertight, crushproof, and dustproof**
- Automatic pressure equalization valve - balances interior pressure, keeps water out
